

Dear Sir or Madam,

on the occasion of the 50th anniversary of the activities of the American Peace Corps and the 10th anniversary of the finishing the activities of Peace Corps in Poland, the KARTA Center initiated the documentary project of the American Peace Corps in Poland.

Within the project the team is collecting any materials which show the history of activities of Peace Corps in Poland, such as memories and private photos of volunteers, their supervisors and receivers of the activities of volunteers, but also official documents, photos, leaflets, booklets and any publications connected to the American Peace Corps in Poland.

We also want to interview all people, who had participated on or conducted the activities of American Peace Corps in Poland (via telephone or skype – agnieszkakudelka – or if it's possible face-to-face).

The aim of the project is editing a booklet in English and Polish and a bilingual Internet presentation with chosen documents and photos and fragments of the interviews.

If the project participant agree, the documentation will be a part of the KARTA Center archive and will made available to visitors of the Archive of the KARTA Center for their academic, educational and journalistic purposes.

**The project team is looking forward to all questions and access to the project till the end of Mai 2012.**

To each published material the information about its author will be added (unless the author want to stay anonymous).

If you can not scan the documents with our help on your own, you can also hand over us your materials in the KARTA Center (Warszawa, ul. Narbutta 29) or send it to us via post (after the scanning they will be sent back to you). In some cases we can also come to you and scan the documents in your facilities.

Don't hesitate to contact us:
